STANDARD FEATURES

GALLEY:

Features granite countertops, teak-paneled refrigerator and freezer, oversize stainless sink, and a vented exhaust fan.

FLYBRIDGE:

The large, redesigned flybridge features a centerline helm station, standard Stidd helm seat, pop-up instrument panel, handmade teak table, built-in wet bar and unlimited sunset views.

COCKPIT:

The cockpit of the 47EU has been lengthened by moving the transom back to the end of the hull form, and using a bolt-on swim platform. This version adds three additional feet of cockpit space.

MASTER STATEROOM:

The expansive master stateroom highlights the fresh interior styling of the 47EU, featuring designer fabrics, handcrafted teak furnishings, luxurious materials and a host of thoughtful, elegant appointments.

OPTIONAL ACCOMMODATIONS:

The 47EU comes standard with a guest cabin featuring twin berths athwartships. As an option, owners can choose a double berth, or the space can be configured as an onboard office with a convertible settee.

COMMAND HELM:

The helm station of the 47EU offers commanding views, great visibility fore and aft, classic GB teak wheel, generous and effectively-placed electronics space, quick and easy access to the side decks, plus the comfort of a standard Stidd helm seat.

EASY ENGINE ROOM ACCESS:

The flybridge staircase lifts up on gas-assist shocks to reveal steps down to the large engine room. Owners will appreciate the clean finish, well-designed systems and easily-accessible equipment inside.

PROTECTED STAIRS TO FLYBRIDGE:

The flybridge staircase steps provide a very safe and sure-footed way to access the flybridge, with handrails along their sides and grab rails up top.

ENGINE ROOM:

Like all Grand Banks, the 47EU features an efficient, well designed engine room. Electric, plumbing, HVAC and all other systems are sensibly laid out and expertly installed, with clear labeling that corresponds to the owner's manual.

ELECTRONICS CONSOLE:

The pop-up console on the 47EU flybridge keeps your electronics safe and protected when not in use. When you're ready to take the helm, simply pull the lever and the console raises to lock in place, right at your fingertips.
