<b>Boat Year:</b>	2011	<b>Water Capacity:</b>	
<b>Hull Material:</b>	FG	<b>Engine Hours:</b>	
<b>Beam:</b>	17.75 feet	<b>Engine Model:</b>	C-12
<b>Draft:</b>		<b>Boat Location:</b>	West Coast, FL
<b>Engines:</b>	CATERPILAR	<b>Engine Model:</b>	C-12

The design of the 53 Aleutian RP was driven by the same key principles that have guided every Aleutian model

before her: Timeless nautical spirit and time-tested cruising capability. Strong, seaworthy performance against the elements. Handcrafted luxury, breathtaking visibility, and exhilarating power. An on-board experience that is both peaceful and profound.

>But one key characteristic - outstanding long-range capability - was particularly central to the design of this model.

>What emerged is an entirely new Aleutian, smaller in size but with the powerful presence you expect from the series. Exceptionally capable of supporting a cruising couple or family on long voyages - or of setting the perfect stage for entertaining closer to home.

>And, as always, designed and constructed with the kind of attention to detail, quality, and reliability you have come to expect from Grand Banks,- a unique expertise that comes from over 50 years of building iconic motor yachts.

## **Additional Specs, Equipment and Information:**

### **Builder/Designer**

Builder: Grand Banks

### **Dimensions**

LOA: 53 feet

Beam: 17.75 feet

### **Engines**

Engine Brand: CATERPILAR

Engine Model: C-12

### **Dimensions**

Displacement: 72,000

### **Engines**

Total Power:

705 X2

### **Tanks**

Fuel: 1000

>Fresh Water: 300

>Holding: 100

## **STANDARD FEATURES**

### **SAFETY AT SEA:**

Wide side decks, a true Portuguese bridge, strong hand and safety rails of heavy-gauge stainless steel plus do plus dozens of other specialized design features and equipment inside and out make each Grand Banks a superior choice for safety.

### **PERFORMANCE HULL DESIGN:**

The modified deep-V hull of the 53rp is designed for stability and comfort at slow cruising speeds, with an effortless transition to plane, great tracking down waves, and dry conditions on deck.

### **LAYOUT:**

Standard arrangement includes three well-sized cabins.

### **RAISED PILOTHOUSE ACCESS:**

A starboard-side door gives quick egress to side and foredecks, while on internal stairway sits opposite for safe access to the flybridge through a large, watertight hatch.

#### LUXURIOUS MASTER CABIN:

A private stairway leads down from the salon to the master stateroom, which boasts plenty of drawer and closet space for storage as well as a 6'4" wide island berth for plenty of elbow room and comfort all night.

#### STORAGE/UTILITY ROOM:

Aft of the master stateroom lies the unique storage/utility room. In addition to an amazing amount of storage, this room can be outfitted with a separate washer and dryer, refrigerator and freezer, or even configured as crew's quarters.

#### SPACIOUS AFT DECK:

The large cockpit area is topped with teak and offers easy access through twin transom gates down to the swim platform. Step-down access to engine room is easy and well designed.

#### OPTIONAL HARDTOP:

53RP Hardtop includes integrated lighting and speakers.

#### EXPANSIVE FLYBRIDGE:

With wide-open spaces and commanding views, this area features a large L-settee surrounding a handmade teak table, with a second settee to starboard.

#### A COMMANDING HELM:

The 53RP affords excellent forward visibility and views all the way aft to the transom. Stidd helm seats at both upper and lower stations add a touch of luxury and extra comfort for a long day's cruise.
